06/13/2024	22	<b>** TEXT ONLY ORDER **</b> Defendant Adam J. Westbrook moves to amend the conditions of his pretrial release to provide relief from the curfew in Condition 23. Dkt. <a href="#">20</a> . Defendant's motion is DENIED, at least at this point. The court would allow defendant to work during his pretrial release, so long as the employment did not endanger others. But the employment-related request is premature without details about the proposed employment. The court would allow limited relief from the curfew to allow defendant to attend a job interview; the probation officer already has authority to allow that under the current release order. The court will not allow defendant two hours of daily relief for recreation and other unspecified activities. Signed by District Judge James D. Peterson on 6/13/2024. (lam) (Entered: 06/13/2024)

The government's response to defendant's motion to suppress evidence is due August 1, 2024, with defendant's reply due August 8, 2024. The government provided a discovery proffer, to which defendant responded by noting that there have been some speed bumps in discovery that hopefully have been resolved. It is too early to tell if this case will be resolved short of trial. The parties had no other matters to bring to the court's attention. Signed by Magistrate Judge Stephen L. Crocker on 7/11/2024. 08/16/2024	39	<b>** TEXT ONLY ORDER **</b> The parties' briefs and exhibits relating to defendant's motion to suppress (dkt. <a href="#">25</a> ) raise several fact questions that might be material: Did Westbrook's family members actually arrange with Kyle Sargent to pick up Westbrook's belongings? Did Sargent communicate with family members before or after he talked with SA Volund? On whose behalf did Sargent box Westbrook's items, the family or law enforcement? After SA Volund seized Westbrook's property, what communications, if any, occurred between Sargent and Westbrook's family members? Is the court correct in concluding that the government has no explanation for the 72-day delay in seeking a search warrant from this court? The court will hold a telephonic status conference with counsel early next week to obtain input. Signed by Magistrate Judge Stephen L. Crocker on 8/16/2024. (nln) (Entered: 08/16/2024)

08/14/2025	64	<b>** TEXT ONLY ORDER **</b> After the hearing on August 11, 2025, the U.S. Marshals Service informed the court that Mr. Westbrook has had an orthopedic consult approved and completed. The orthopedic specialist concluded that although surgery would be necessary at some point, the need was not emergent. Based on that assessment, the BOP has concluded that it is unnecessary to provide the surgery while Mr. Westbrook is in presentence detention. At sentencing, the court will recommend that Westbrook be designated to a facility where his medical need may be promptly addressed. The parties should work with the court to get the sentencing scheduled at the earliest opportunity. The motion for release, Dkt. <a href="#">60</a> , is DENIED. Signed by District Judge James D. Peterson on 8/14/2025. (voc) (Entered: 08/14/2025)

The court will decide whether any further hearing is necessary after it reviews the charged images and the government's additional evidence. The court is not finding facts to determine defendant's guilt. Rather, defendant submitted his own evidence in support of his motion to withdraw his plea, and the court concludes that it is necessary to review the charged images and the contextual evidence to evaluate defendant's affidavit and his motion. He also asks to continue his sentencing to accommodate briefing on the motion. Dkt. <a href="#">86</a> . The resolution of this case has already been delayed enough.
